

BIRDWALK

BY AMRAPALI SINGH

Founded in New Delhi in 2015, BirdWalk captures understated elegance and feminine charm.

The name 'BirdWalk' is our philosophy. Our lady is a dreamer who realizes her dreams. Her imagination soars high while her feet stride confidently on the ground. "BirdWalk" is our way of capturing the dreamer's spirit through new interpretations of timeless couture that are modern and wearable.

ME AND MY PARROT

SPRING SUMMER 16

Frida Kahlo's painting inspires this collection. She drew many self-portraits with her pets and this one with beautiful parrots always moved me, taking me back to a place of nostalgia.

I grew up with a parrot of my own and I have fond memories of my grandmother's serene garden, where I'd spend lots of time with her and the bird. She would knit hand-embroidered handkerchiefs, tablecloths and many other useful items while basking in the warm rays of the winter sun. The time in the garden is what I want to capture. The fun, the light-hearted days, no hurry to do anything but enjoy the moment. The garden invited many varieties of birds, which I got to know quite well. This collection uses one of nature's most beautiful creations for textures, colors and shapes.

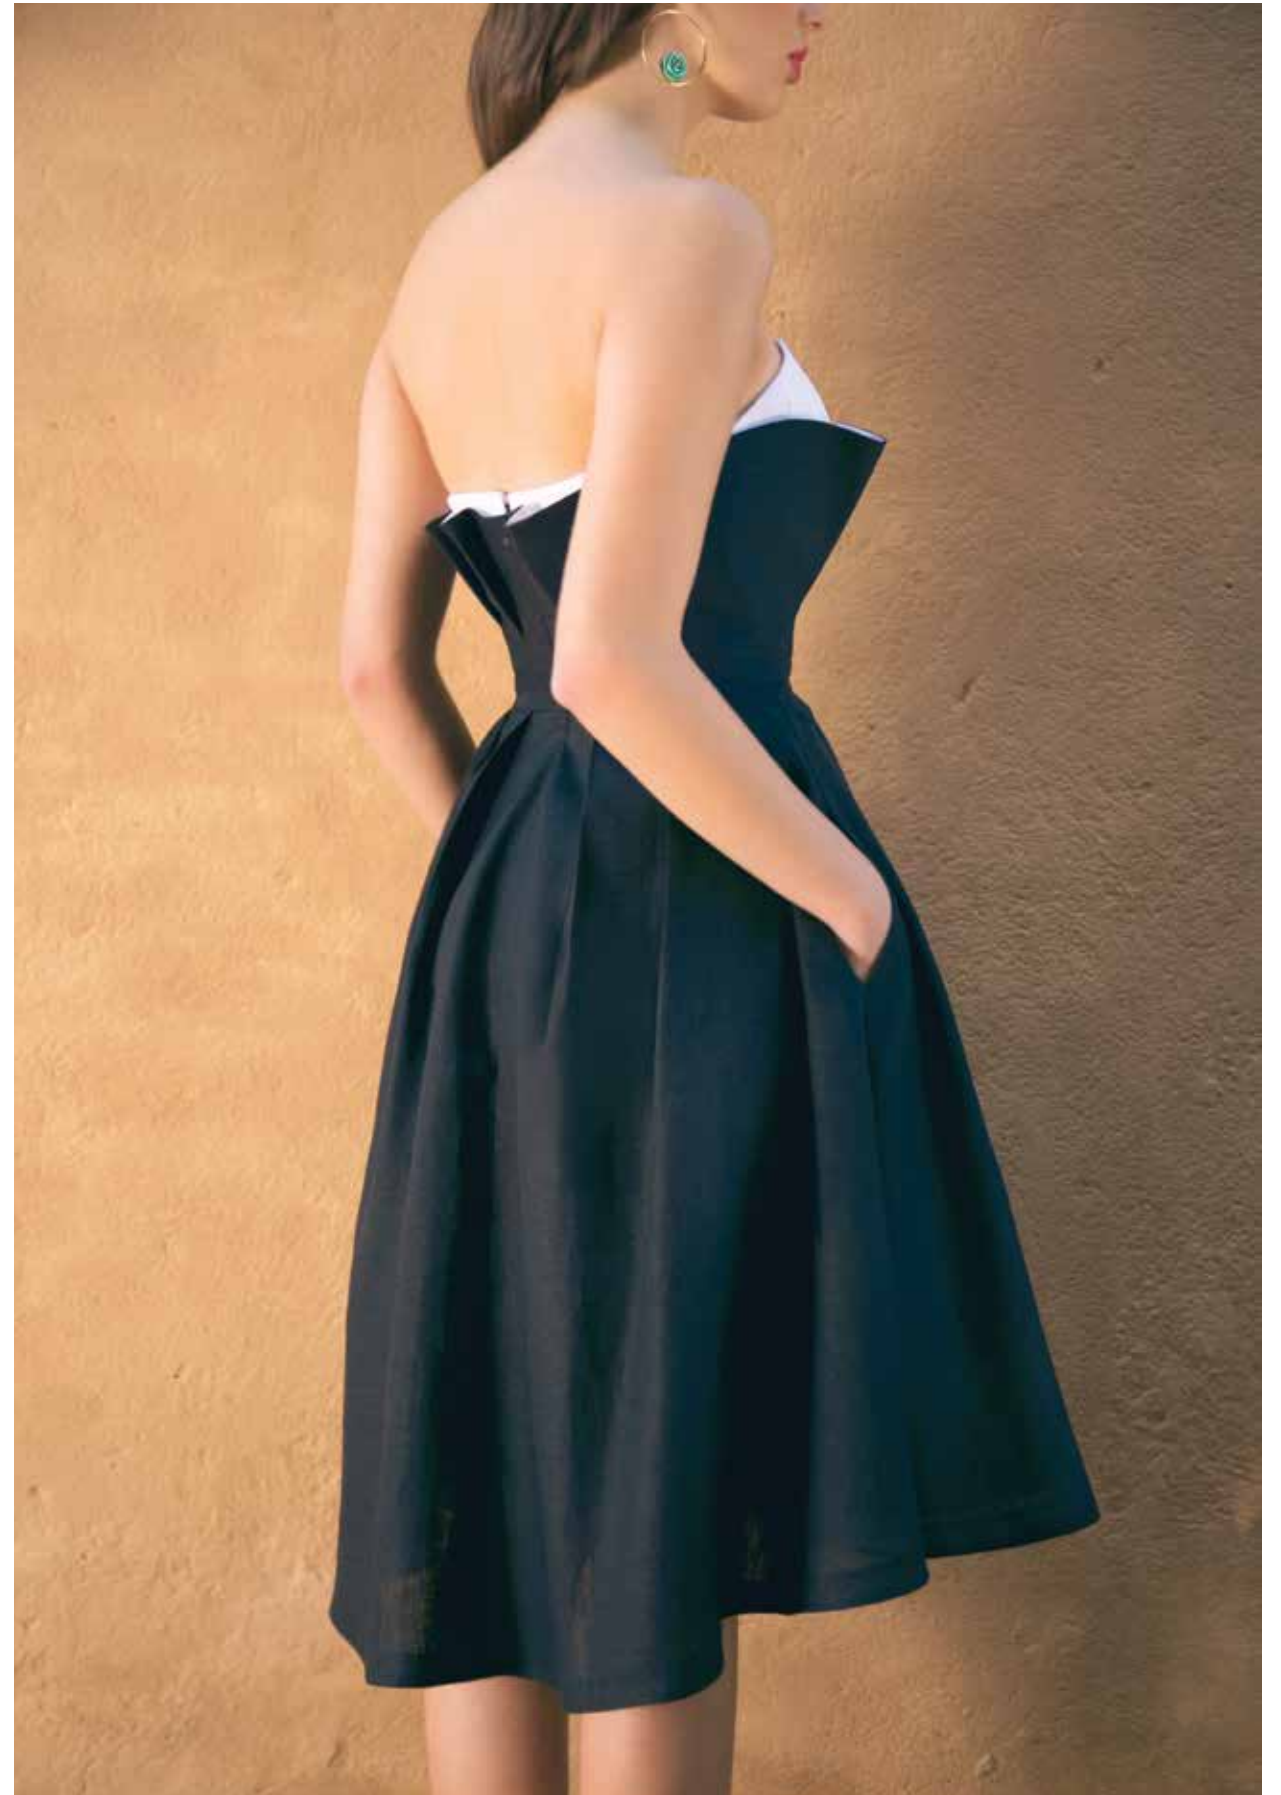

The collection is a celebration of that special time and place.
